Department Organized	CSE	
Description of the event	DevOps has been gaining significant traction in the IT world over the past few years. This approach to software development and deployment emphasizes collaboration and communication between development and operations teams, resulting in faster deployment cycles, higher quality software, and better alignment with business goals. Tools such as continuous integration/continuous delivery (CI/CD) pipelines are commonly used to automate the software delivery process. CI/CD pipelines enable developers to automatically build, test, and deploy code changes as they are made.	
Summary Report of the Event	The workshop is planned to cover the latest development process that is being implemented in present scenario in software development industry. As the concepts are not covered in CSE R20 regulations the department organized this event to give insights towards fast software development process named DevOps. The registration form is open for all 2/4, 3/4 and 4/4 CSE students.	

	<p>A total of 100+ registrations done but as the resources are limited only 30 students attended the workshop.</p> <p>The inauguration of the workshop is conducted on 23rd March 2024 from 10.00 Am to 10.30 AM followed by the sessions on 23rd and 24th March 2024. The dignitaries who attended the inauguration expressed their thoughts by advising the students to utilize the opportunity by gaining knowledge in the concept which is the hot topic of the industry and congratulated the department for organizing the event with a motto of covering the industry requirement.</p> <p>The resource person from industry Mr Narasimha Raju accepted to deliver the key concepts and industry scenario to the students. Internal resource person Mr Siva Dandu made the students to practical build an sample application by creating the CI/CD pipe. The students showed continuous enthusiasm and interest in implementing a calculator application using the CI/CD pipe.</p> <p>The sessions lasted till 7.00PM on 24th march and finally concluded by thanking the resource persons and students for their continuous effort for the two days.</p> <p>E certificates are issued to the students who have completed the application implementation.</p>

A HANDS-ON WORKSHOP ON

focusing on Continuous Integration/Continuous Deployment (CI/CD) would be a fantastic opportunity for participants to delve into the practical aspects of modern software development practices.

23rd & 24th March -2024

Objectives of the workshop:

- Understanding DevOps Principles
- Introduction to CI/CD
- Tool Proficiency
- Practical Implementation
- Collaboration and Communication

Workshop Agenda:

- Introduction to DevOps and CI/CD
- Setting up Development Environment
- Version Control with Git
- Containerization with Docker
- Monitoring & Logging
- Hands-on Exercises

Outcomes of the workshop:

By the end of the workshop the participants will be able to

- Implement CI/CD Pipelines
- Improve Software Quality
- Increase Collaboration
- Enhance DevOps Skills
- Develop a Culture of Continuous Improvement
