Warm Greetings from the Department of Computer Science and Engineering,(CIC) S.R.K.R Engineering College (Autonomous), China Amiram, Bhimavaram-534204, Andhra Pradesh, India. It is our immense pleasure to inform you that “A One-week National Level FDP on Cyber Security & Block Chain” is being organized by the Department of Computer Science and Engineering (CIC) from 24-06-2024 to 28-06-2024 at S.R.K.R engineering college, Bhimavaram. In this regard we request all faculty to register for the FDP and enhance learning in cyber security and block chain.

Contents to be covered are:

| Date | Topics Covered |
|------------|---|
| 24-06-2024 | Introduction to Cybercrime, Cyber offenses, Cybercrime in Mobile and Wireless devices, Tools and methods used in CyberCrime, Cyber Crime and Cyber Security, Hands on Session on CyberSecurity |
| 25-06-2024 | Foundations of Blockchain, History, Evolution, Decentralised Applications, Consortia, Public and Private Blockchain, Merkle Tree, Wallets, Tokens, Crypto, P2P, Lifecycle of blockchain transaction, Hashing, Digital Identity Verification, Digital Art, Blockchain Neutrality, Hands on Lab |
| 26-06-2024 | Introduction to Ethereum, EVM, Smart Contracts, Truffle framework, Ganache, EtherScan, Ether Clients, Metamask, Wallet's , Open Zeppelin Contracts, BitCoin and BitCoin Mining, Hands on Lab |
| 27-06-2024 | Blockchain – Advanced Concepts – IPFS, ZK-Proofs, SSI, ICO, IOTA, Blockchain and Cybersecurity – Use cases – Research Topics |
| 28-06-2024 | Introduction to HyperLedger, Transaction Flow, Invoking Chain Code, Hands on Lab |

| Description of the event | To empower educators with the knowledge and skills they need to thrive in the ever-evolving landscape of technical education, thereby ensuring quality education for the learners. The FDP program was designed to empower our esteemed faculty to provide a comprehensive overview and hands-on experience in cybersecurity, blockchain fundamentals, Ethereum development, and advanced blockchain applications and also to equip participants with knowledge and skills to navigate the evolving landscape of digital security and decentralized technologies. |
| Summary Report of the event | Cyber Security & Block Chain FDP is organized from 24th June, 2024 to 28th June, 2024. 46 faculty from S.R.K.R. Engineering College have registered and successfully completed the FDP. The content of the FDP covers Hands-on labs practical aspects such as Ethereum development using tools like Truffle and Metamask, and advanced blockchain topics like IPFS, ZK-Proofs, and Hyperledger. The intersection of blockchain and cybersecurity is examined through use cases and research topics, including Hyperledger for enterprise blockchain solutions. |

OBJECTIVES OF THE FDP

- Analyze cybercrime fundamentals, focusing on mobile and wireless devices, and explore the tools and methods used by cybercriminals.
- Investigate blockchain basics, covering its evolution, decentralized applications, and digital identity verification.
- Develop practical skills in blockchain development, including Ethereum and Hyperledger platforms smart contracts, and advanced concepts like IPFS and zero-knowledge proofs.

OUTCOMES OF THE FDP

- Demonstrate proficiency in identifying and mitigating cyber threats in mobile and wireless devices, understanding cybercrime techniques and prevention strategies.
- Apply blockchain knowledge to design and implement decentralized applications, smart contracts, and secure blockchain solutions.
- Evaluate advanced blockchain concepts such as IPFS and zero-knowledge proofs, recognizing their potential for enhancing data privacy and security in various industries.

About S.R.K.R. Engineering College

Sagi Rama Krishnam Raju Engineering College (SRKREC), established in 1980, is a self-financed academic institution of coeducation striving to provide a high-quality technical education to engineering aspirants. Being one of the premier and well-established technical institutions of the country, it continues to render service to the nation and the world at large with its alumni holding highly prestigious positions and making substantial contribution. The president of the institution Sri. S. Prasad Raju carries forward the vision of his father Late Sri Sagi Rama Krishnam Raju, a philanthropist, driving the institution on the academic path of excellence. The college is replete with lush coconut trees spanning across a plot area of 30 acres at China Amiram, Bhimavaram, on Bhimavaram-Vijayawada state highway and it is also well-connected to all other places by road and rail transport.

Profile of the Department of CIC

Computer Science & Engineering (Internet of Things and Cyber security including Block chain Technology) undergraduate engineering program has been started by the institute from the academic year 2022-23 with the intake capacity of 60 seats. This B.Tech CSE (IoT & Cyber Security including Blockchain Technology) undergraduate programme familiarizes students with the functional and operational aspects of IoT, Cyber Security and Block chain Technology.
