Good very well

Good at all

Provide projectors in classroom

Everything is perfect.

Should explain Practically

Incorporate more hands-on and experiential learning activities, such as projects, case studies, and internships.

Teach less in projector, compulsory use of text books , sufficient material

Establishing clear conversation,using real world examples,connecting with the students effectively

Teaching is excellent

Try to give real world examples while the teaching the topic

The lectures should give work that must be done in smart way not in hardway

Teaching with realtime examples can help students understand better

Need to teach well by some lecturers

Encourage active participation through group discussions, case studies, and project-based learning.

Teachers should teach more through ICT tools and labs

Better to explain on black board instead of ppt

Interactive teaching techniques

Get the digital displays in class rooms.

Ground should be maintained well, Gate to be remained open upto 10.

Teaching skills are good
